<u>Wednesday 25th March</u>

Happy Wednesday Bur Oaks – to get your day off to the best start, why don't you take part in the live Joe Wicks PE at 9am!

English	**Continue with your work from yesterday –**
	Over the next few days I would like you to think about coastal erosion. What is it? Why does it happen? Can we stop it?
	Watch this clip from BBC bitesize - https://www.bbc.co.uk/bitesize/clips/z8tyr82 And think about how you would feel if this was your home.
	Your task: Imagine you're visiting a coast again after 30 years. Write a postcard describing the changes caused by coastal erosion. Think about the following questions: What has changed? Could anything be done to prevent it getting worst? What causes erosion? How are the locals feeling? What do you predict the future might be like for this coast?
	Use the template on Purple Mash – it is set as a '2Do'
	TIP: Have a look at how you lay out a postcard (lots of examples on google). Make sure you write to someone (Dear Mum and Dad) and use paragraphs! Coastal Erosion
Maths	Continuing with our money topic, can you complete the worksheet below. You can either print it or just write the answers on a separate sheet and then send me a picture! Make sure the show your workings. ⭐ Can you learn the 9 x tables finger trick - https://www.youtube.com/watch?v=_qmYcvChQwo
Spellings	This week our spelling words are 'words based on common words' – Can you find the definitions for each of the words using a dictionary (online if you don't have one at home).
Geography	Go to the Geography page on the school website (under curriculum) – Can you complete the challenge? Email me any finished plans!
Reading	Make sure you are reading at least half an hour everyday – you can now access 'Accelerated Reader' from home! Make sure you use the link on the school website - https://ukhosted40.renlearn.co.uk/2234842/Public/RPM/Login/Login.aspx?srcID=s

1) A box of chocolates costs £1.25 Hannah and Thomas want to buy 4 boxes of chocolates. If Hannah pays £2.45, how much must Thomas pay?	2) Emma has five pounds. She spends a quarter of her money. How much does she have left?
3) In the sale I bought some clothes for half price. Scarf £7 Hat £2.50 T-shirt £6.50 How much would the clothes have been full price? Scarf = Hat = T-shirt =	4) In the sale I bought some clothes for half price. Scarf £7 Hat £2.50 T-shirt £6.50 How much did I spend <u>altogether</u>?

Challenge –

A class is planning a trip to a theme park.

Theme park prices

Adult = £8

Child = £4

How many tickets could they buy for £100. How many different ways can you find to do this?
