

# Chacewater School – LEAP into Learning

Term: Spring 1

Class: Seedlings

Theme: Animal Allsorts

On this page you will find an outline of our learning this half term in

## Mathematics Addition and Subtraction within 20

This term we will learn how to add within 20 by counting on, using number bonds, and making 10 first.

We will learn to subtract by counting back (not crossing 10 and then crossing 10). Finally we'll look at fact families within 20 and challenge ourselves to compare number sentences.

## Number and Place Value within 50

We'll be counting in 1s, 2s, 5s, 10s to 50. We'll count in 1s forward and backward starting at any number within 50. We'll focus on 2-digits as tens and ones, find one more and one less, compare and order numbers within 50. We will start to learn our 2s, 5s, 10s times tables.

## English

We will follow a 5-day phonic programme where children will work in groups to read, write, spell and practise handwriting. We'll also continue with Pobble 365 to inspire independent free writing once a week.

## **Science: Animals including humans.**

We'll be using observation skills to compare and contrast animals and identify their category: mammals, birds, reptiles, amphibians, fish. Then we'll group them into carnivore, herbivore and omnivore. Humans are animals too! We'll learn about parts of the body and explore our senses.

## **Art & Design: 3D Sculpture**

We'll be looking at sculptures and finding out what materials can be used. Then we're going to design and sculpt a salt dough animal. Finally, we'll revisit our knowledge of colour mixing to paint our sculpture.

## **Computing: Digital Painting**

We'll be using digital paint tools to recreate artists' paintings and make some of our own unique work.

## **Religious Education:**

What do Christians believe God is like?

**RSHE: Caring for others – Our Special People** We will explore why they are special and how they care for and keep one another safe.

## HOME LEARNING

Term: Spring 1

Class: Seedlings

Theme: Animal Allsorts

Alongside regular reading, spelling and maths home learning choose at least one of the following to complete over this half term. You might even be inspired and choose more than one!

### **Local Animal Fact File**

Look out for signs of animals on your walks in the woods or on the beach.

Take photos, make drawings, write labels, create a collection.

Can you make a fact file to share?

Click here to play.

<https://play.numbots.com/#/intro>

Use your toy animals to practice grouping. Think about the special characteristics of each animal group

### **Animal Books**

Do you have books about animals at home? They might be fiction or non-fiction. Draw a picture of your favourite page and tell me why you chose it.

Click here to make a unicorn puppet.

<https://www.tate.org.uk/kids/make/sculpture/make-unicorn-puppet>

### **Sculpture**

There are so many public sculptures in Cornwall. What are they made from? How was it made? Take photographs or make a drawing to bring in and show.

### **Computing**

Use a paint programme to create a picture of an animal.

<https://paintz.app/>

### **Music**

How many animal songs can you sing? Write a playlist.

### **PE**

Practise your ball skills at home. Can you throw and catch? Start with a big ball and work down to tennis ball.
