

# Chacewater School – LEAP Into Learning – Summer 2 – Seedlings

## HISTORY – To the Rescue

What I might already know: The RNLI keeps us safe at sea.

**What we will be learning:**

### Key Vocabulary:

- Present day, recent past,
- xx years ago
- modern, old, older
- 19th century - 1800s)

**KEY QUESTIONS:**

Who was Henry Trengrouse?

Why do we remember Trengrouse? What's his legacy?

What's the same and what's different about sea safety then and now?

Where can we go and who can we talk to to find out about historical sea safety?

Who was Grace Darling and why is she important?

Where do these people fit on a timeline?

Compare modern and historical life-saving equipment . Link the use of materials to Science.

Henry's invention saved hundreds of lives and was used across the world. Grace's bravery marked the beginning of the development of the RNLI and modern sea safety.

The sea was, and still is, a dangerous place. People risk their lives to save others. Inventions have made sea safety better.

Inventions from the past have created a safer environment for modern day sea-farers.
